Tea

Twinings Assam Tea

One of the world's most famous - a rich and strong, deep-amber tea that goes perfectly with brunch or after dinner instead of coffee.

Twinings Darjeeling

Darjeeling in North East India isn't easy to get to. Even the famous antique toy-train has to wind its way carefully through valleys and round mountains. But it's worth it for the region's speciality tea. The altitude gives Darjeeling its light, delicate taste and shimmering gold colour. Take a sip and escape the world on a journey of your own.

Twinings Earl Grey

Light, fragrant and with a distinctive lemon and bergamot flavour, our Earl Grey still has all the taste of the original. And we like to think it's still the best.

Twinings English Breakfast

Bright, full-bodied and full of flavour, English Breakfast is perfect for clearing away your cobwebs at a time of day.

Twinings English Breakfast Decaffeinated

Bright and refreshing, it's made from only the finest tea leaves, which have been carefully decaffeinated. So now you can have all the taste of a good cup of tea, but without the caffeine burst.

Twinings Lapsang Souchong

There isn't a scent or flavour more distinctive than Lapsang Souchong. It's all down to the pinewood smoke that permeates the tea leaves when they're being dried. The result? A smokey, golden tea that will evoke forests of pine trees and ice-capped mountains with every sip.

Twinings Chai

Spicy, soothing flavour with the distinctive scent of cinnamon, ginger and cloves. Chai is perfect at any time of day, but particularly in the afternoon. Invite some friends round and share the secret all over again.

Twinings Lady Grey

Unique to Twinings, Lady Grey is Earl Grey's elegant cousin. Her tea has the same light and delicate taste of bergamot, but with added hints of oranges and lemons. The fresh, bright flavour will instantly take you to a sunnier place.

Twinings Pure Green Tea

As dawn breaks and the dewy mist hangs in the air, the first buds and leaves are picked to lock in the fresh green flavour.

A sea of white and yellow flowers dance under a brilliant blue sky. We harvest our camomile during the warm summer months, selecting the pollen heads, as they're the sweetest part. This delicate floral infusion is traditionally used to help you relax, so sink into a deep armchair and let your worries drift away... Made with all-natural ingredients – nothing more, nothing less. Naturally caffeine free with no added sugar.

Twinings Invigorating Peppermint Tea

Fields of soft green peppermint leaves sway with the breeze. Each year we wait for the warmest morning to come before we harvest – when the leaves are rich in essential oils. It's what makes this infusion taste so minty and invigorating. For centuries peppermint has been used to aid digestion, making it perfect just after a meal. Made with all-natural ingredients – nothing more, nothing less. Naturally caffeine free with no added sugar.

Twinings Cranberry & Raspberry

Plump cranberries and velvety raspberries shine softly in the evening sunlight. This blend brings you the best of both delicious fruits: the tart sweetness of cranberries, balanced with the gentle tang of raspberries – and a touch of fragrant elderflower. The result is a delightfully lively infusion, bursting with the taste of summer. Made with all-natural ingredients – nothing more, nothing less. Naturally caffeine free with no added sugar, enjoy any time of the day. Fancy yours chilled? Allow the infusion to cool before adding some ice and a few fresh raspberries.

Twinings Revitalising Lemon & Ginger

Citrus and spice and all things nice. Revive your senses with real pieces of warm, spicy ginger blended with the fresh, zesty taste of lemons. It's perfect after a meal, as ginger has traditionally been used to aid digestion. Made with all-natural ingredients – nothing more, nothing less. Naturally caffeine free with no added sugar, enjoy any time of the day.
